## NOTICE HORSEMEN!

IF YOUR HORSES CALKS, CLICKS OR FORGES, IT means that he is not properly shod. No animal can be any stronger than his feet. Therefore it is of the vital importance that you should see that your horses or mule is shod the "Right Way." He should be attended to by one who understands the business scientifically as well as practically; every shoe should be so adjusted that calking or lameness will be impossible and this can only be done by one who has a thorough knowledge of the business.

The fact that my business is devoted to horse-shoeing exclusively means something. It means that my customers must be thoroughly satisfied or they would not come back to me again. I desire to say in this connection that the same standard of excellence that has characterized my business in the past will be maintained in the future. Being engaged in this business exclusively, I could not expect to earn an honest living without having some inducements to offer and that one inducement is "MERIT."

With a full equipment of tools, shoes, etc., now used by the leading farriers, and backed by eight years experience in this particular line, I feel sure that I can satisfy the most exacting customer. My best reference is my patrons. I again wish to call attention to the fact that in addition to my regular line I have on hand all of the most modern improved shoes such as "NEVER SLIP" "SIDE WEIGHTS," "TCE WEIGHTS," "STEEL PLATES" AND "RUBBER PADS" that positively prevent all ailments of the horse's feet.

At any hour in the day I will be found at the same old stand and ready for service. Wishing to thank my customer throughout the country for their patronage in the past, I remain yours for horeshoeing.

BILLIE ROBERSON.

Miss Mabel Clearman visited relatives in Macon last week.

Mrs. Combs and three children, of Mobile, are visiting relatives here.

Mr. Joe Wilder visited his brother here Friday and Saturday.

The molasses mill has been in operation down on Carson creek, quite a lot of molasses was made up.

"Ponyville" is all right as long as the sorghum lasts despite the fierce in road of the army worm.

Really the worms did very little damage here and some of our farmers have already been carrying cotton in.

Mrs. Tinsley has gotten a piano and will begin teaching music when she opens her school here, about the second Monday in Oct.

The road hands have done some good work on the road here lately.

Mr. Jim Thompson has moved his family to the Fair cottage recently vacated by J. O. Daquis.

Mrs. Annie Gurley has been visiting at the home of Mr. J. Gurley.

Our neighborhood seems to be quite attractive to the Gholson boys lately.

Plenty of fresh candy just received.
